TWO CENTS

LAST VESTIGE OF DEBT DESTROYED BY WASHINGTON AVENUE CHURCH

Mortgage Burned with Appropriate Ceremonies At Jubilee Celebration

SPLENDID PROGRAM IS GIVEN

The Washington Avenue Presbyterian Church on Friday evening, had one of the greatest celebrations in the history of the congregation. This Jubilee Celebration, as it was called, was in honor of the recent victory of the church in paying off the debt, which had been on the church property for years, but which now, owing to the generosity of the members of the congregation, is but a memory.

An interesting program to commemorate the occasion was given, in charge of Dr. F. C. Stahlman. The burning of the note was an event of the greatest interest. The following persons were called to the front representing the different departments of the church: Ira L. Nickeson, T. D. Williamson, Mrs. Pfelehardt, Mrs. G. M. Stewart, Grace Gelder, Bessie Richey, and Elizabeth Elliott, when Harry A. Williams, holding the note, set fire to it. During the burning of the note the whole audience gave the Chautauqua salute.

Rev. G. G. Kerr of Canonsburg a former pastor, spoke pleasingly of the early days of the church. O. M. Wise, who was one of the architects, told of the time when the modern building was erected, saying that the estimated worth of the property today is \$54,000.

Mrs. R. J. Whitehead told the story of the Ladies' Aid Society as a factor in the work of the church in a poem which was thoroughly enjoyed, and Rev. John R. Burson, the present pastor, made a plea for an aggressive spiritual program for the future.

The music was of a high order. Two quartettes and a duet were features of the services.

After the program refreshments were served to all present in the Sunday school room and many former members of the congregation were noticed in the large audience present.

The Washington Avenue Church has recently enjoyed an era of great prosperity and the meeting of last evening will long be remembered.

INDEPENDENTS LOSE TO WEST VIRGINIA

The Charleroi Independents, playing the University of West Virginia nine at Morgantown yesterday afternoon, lost out by a score of 6 to 3. Keifer pitched for the Charleroi team and with the exception of one inning held the opposing team to a very few hits. The Independents had but two days' practice before going to Morgantown, but even with this handicap put up a hard battle. The same teams play again this afternoon.

SECURE MANDAMUS AGAINST CONTROLLER

The directors of the poor of the county, R. C. Buchanan, George W. Adams and W. W. Hawkins, upon petition to the court, Friday afternoon, secured an alternative writ of mandamus upon Controlled Thomas J. Underwood, returnable May 3rd at 10 o'clock a. m.

Involved is a certain judgment secured against the poor board in a Richey, and Elizabeth Elliott, when Harry A. Williams, holding the note, set fire to it. During the burning of the note the whole audience gave the Chautauqua salute.

In bringing this suit against the poor board Mr. Buchanan claimed the above sum as being due for expenses of taking an insane soldier, a ward of the county home, from Arden to the home of the young man's parents in Washington state. When the expenses of the county home were submitted the controller refused to approve them with the Buchanan bill included. Without the approval of the controller the poor board could not pay the expense bill of Mr. Buchanan, who consequently brought suit for the amount due him, and secured judgment.

The controller, when this judgment was submitted by the poor board, refused to honor it, and the poor board now seeks to compel him to approve the claim by a mandamus proceeding.

WILL SUPPORT STUDENT FOR THE NEXT YEAR

The Self Denial class of the Washington Avenue Presbyterian church met Thursday evening at the home of Mrs. Hagenah, Lookout avenue, with a large attendance. During the course of business it was decided by the class to support a girl student in the Langdon Mission School in Kentucky for the coming year. The next meeting of the class will be held in the chapel of the church, at which time the husbands and children of class members will be invited guests.

PYRAMIDS OF PATRIOTISM

Centuries ago the pyramids were built down on the sandy wastes of upper Egypt. They're standing yet, monuments to the perseverance and industry of a people veiled in the mysteries of the ages.

They are one of the world's wonders today as they have been since the day they were completed. Millions of people have viewed them, questioned their significance.

Yet after all is said and done they stand for mighty little in world history.

But contrast them for a moment with the pyramids of patriotism that America has been rearing through the medium of her Liberty Bond issues. How tremendously they stand forth.

Testimonials to the loyalty of 100,000,000 people who love liberty.

Credentials of a nation pledged to the maintenance of democracy.

Tributes to the memory of 70,000 Americans who died in France.

Guarantees that life and liberty and right and justice must be preserved inviolate for all time in all lands.

Financial coix de guerr of the unselfish wealth of a land of the free and a home of the brave.

Monuments to American ideals and the sincerity with which they were upheld.

Pyramids to American patriotism.

Four of them, each towering in turn above its predecessor.

Let's make this last one the crowning accomplishment of them all.

This Victory-Liberty Loan the greatest testimonial the old world has ever known to what America is and stand for and means to be.

We can do it if we tackle the job right, loyally, enthusiastically.

Take up another notch in your belt and get ready.

Put your block in the pyramid.

Army Tank Is Again Off Its Schedule

Army tank No. 11, which is touring this section of Pennsylvania for broken parts. After the amount of the Victory Liberty loan, is a result of an accident which occurred to the machine in Monongahela Friday evening. While doing its 'stunts' on the hillside at Twelfth street, in that city an oil pipe broke, which cut off the supply of oil to the motor. The tank was taken to the Eureka garage of William Landefeld on Main street and workmen put in all night in tearing the tank apart.

However the Cleveland office deemed it advisable to have the machine sent on to Washington for which the town it left at 7 o'clock this morning, where the repairs will be completed, after which the tank will give an exhibition there and then proceed to Canonsburg in the hope of being able to overtake its schedule before the middle of the coming week. The demonstration at Monongahela is reported to have been very successful and quite a number of the bonds sales were reported as the result of the meeting which preceded the demonstration given by the tank.

BANK REPORTS NO INDICATION OF SUCCESS OF VICTORY CAMPAIGN

MAN IS SHOT WHILE WALKING ALONG HIGHWAY

Jim Ayello, while walking along the public road above Belle Vernon last Sunday night, was shot in the shoulder by some one from behind. He made his way home to Gould hollow and the next day went to the Charleroi-Monessen hospital. Officers made an attempt to learn something about the shooting, but Ayello claimed to be ignorant of the identity of the one who did it. His wound is considered serious.

PUBLICITY MEN AT THE CHURCHES

Hugh E. Fergus, chairman of the local Victory Loan Publicity Men, has arranged for a number of them to speak in the evangelical churches on Sunday and has made the following assignments:

First Presbyterian—Guy Moffitt. Washington Avenue—S. D. Hill. Methodist Episcopal—Prof. T. L. Pollock.

First Baptist—J. B. Tussing. Christian—John D. Berryman. St. Mary's Episcopal—Roland W. Brown.

French Presbyterian—R. G. Knight. Lutheran—W. R. Gaut.

A. M. E.—Thos. H. Warrensford. Metropolitan Baptist—D. R. Hornell.

PATRIOTIC MEETING AT NORTH CHARLEROI

A patriotic meeting will be held in City hall, North Charleroi, Tuesday evening next in connection with the Victory Loan campaign. Lieut. Clarence O. Devore of Monongahela, will be one of the speakers, while Miss Mary Chester, reader, will contribute selections. There will be special music, in which the school children of the borough will take part.

A special invitation is extended to returned soldiers who are requested to attend the meeting in uniform.

Pearl B. Moorman.

Pearl B. Moorman, daughter of Mr. and Mrs. Henry Moorman, died Friday morning at 11:30 o'clock at the home of her parents, 216 Oakland avenue, aged 19 years. Funeral services will be held Sunday afternoon at 2 o'clock, interment in Monongahela cemetery.

Beginning May 1 all union Barber Shops will open at 8 a. m. and close at 7 p. m. except on Saturdays when they will open at 8 a. m. and close at 9:30 p. m. 265-126p

successful and quite a number of the bonds sales were reported as the result of the meeting which preceded the demonstration given by the tank.

Bond Sales Are Slow in Being Reported to Financial Institutions

THE "DRIVE" IS GOING FINE

While it is known that subscriptions to the Victory Liberty loan are being liberally taken throughout the eastern area of Washington county the bank reports would indicate that the campaign is very slow. According to reports made to Chairman Daly up to last night the total subscriptions for the eastern area is only \$106,000. Of this amount Monongahela reports \$27,450, Charleroi \$1,100 and Donora \$16,100. Bentleyville reports \$7,500, with California and Ellsworth somewhat behind these figures.

Of course it is known that Charleroi's subscriptions are greater than \$31,000, but they have not been reported to the banks. Donora is another case where the bank reports do not indicate a true state of conditions. It is known that the big steel town has already pledged over six hundred thousand dollars, but the banks have few records of any of these sales as yet. However, there is some circumlocution in that town which other towns do not experience. This refers particularly to the small subscriptions. A meeting of the Board of directors will have to be held in order to determine where credit shall go for the sales made to the workmen, but Chairman Daly is working hard to get full credit for the town of Donora, the eastern area, and Washington county, and he hopes to accomplish his purpose. Donora workmen and citizens generally have shown the way to other communities in the county, and the officers in charge of the county committee hope the success of the campaign down there will stimulate others to get busy and accomplish the same result.

It is conceded that California, Ellsworth and Fredericktown may have some trouble in reaching their quotas owing to local conditions. The Ellsworth mines are practically down, while at California and Fredericktown the strike of the Vesta miners will have an important bearing on the campaign.

Locally, however, everything appears to be shaping up very satisfactorily under the supervision of Chairman Berryman. The Y. & O. mine has promised a substantial subscription, while the miners employed there are expected to make this colliery one of the 100 per cent industries of the locality.

The "Five Hundred Club" is also getting back into working order, and by the first of the week will be in full swing. Dr. Hetrick, head of this special committee, has hopes of securing the subscription of every man who was a member during the Fourth Liberty Loan. Other committees are working with energy and the results will begin to show during the coming week.

REMOVE THE CAUSE

Apparently the aspiration of freedom has led the Bolsheviks of Russia into a mad race but into a very mad race, for the leaders of the movement are reported to have decreed that "the control of desires or impulses, even when self-imposed, is not the function of man." In other words, not only is the sacred principle of freedom violated when society puts a check upon a man's evil desires but the man who checks them himself is false to his birthright to do as he pleases in all things. Such perversion of the true doctrine of human rights, such a headlong plunge into mad extremes, if it has actually arrived in Russia, will bring about conditions so intolerable that for the sake of the very right to live and enjoy the Russians will demand a return of law and order and thus Bolshevism will be chastened and corrected as a result of its own excesses.

At the very outset the Russian peasants fancied that the new freedom gave them the right to stop work. As a consequence, according to Mr. Hoover's figures, they are now dying of starvation at the rate of 200,000 a month, and doubtless in this particular they have been taught a lesson already, beginning to perceive that the physical comforts of life can be secured only by industrious labor. In their ignorance they may have supposed at first that it would be possible for them to live on the accumulated stores of the dispossessed rich, but they have now had time to eat up all the country's accumulations of food and to begin to understand that rich and poor alike are dependent upon the uninterrupted cultivation of the soil. Hard necessity will drive the peasants back to the plow, just as Bolsheviks in general will be forced in their own individual interests to support some orderly system of law and government involving restraint of the evil doer.

In spite of the follies and insanities of which it has been fruitful, however, the Bolshevik movement in its first inception was undoubtedly an inevitable as well as a just revolt of an enslaved people against its oppressors. It appears to have been an uprising in many respects similar to the French revolution and perhaps may be traced to even greater wrongs that demanded a righting. In the end Russia, like France, will no doubt be the better for the terrible upheaval, but the way out of chaos may be longer because of the dense ignorance of the Russian masses. It is well for the world to recognize that Russian Bolshevism, notwithstanding its madness, began as a needed protest against age-long oppression. Other nations that now fear the spread of Bolshevism will find they are wise, seek earnestly to remove its causes as the best means of stemming its tide. Even America, although for obvious reasons but slightly endangered compared with the countries of Europe, would be wise to endeavor to remove so far as is possible all just causes of popular discontent, the chief of which at the present hour is the excessive costs of the necessities of life. The way to fight Bolshevism is to remove its causes.

The Hungarian Soviet has provided for its own run upon the rocks by paying higher salaries for intellectual workers and business men than for working men. The last named did not stand this long before they were forced to submit that "equality" is the accepted slogan of all forms of communism.

MAN INJURED IN AUTO COLLISION

A Ford machine bearing license No. 12345, said to be owned by Monongahela, collided with an Overland machine between Seventh and Eighth streets on McKean avenue, late Thursday night. The Ford was somewhat battered by the impact but the Overland escaped with slight damages. The fault for the collision was with the Ford driver, as the Overland had been parked for the time being at the point where the accident took place. One of the men in the Ford was injured somewhat and the local ambulance was called to take him to the hospital at Monongahela. A report from that institution on Friday:

DONORA EXCEEDS VICTORY LOAN QUOTA

Donora is the first town in Washington county to be officially reported "over the top" in the Victory Loan campaign. The quota for the steel town was placed at \$510,000, with subscriptions reported Friday noon amounting to \$830,000. James P. Castron, one of the vice chairmen of the eastern area of the county, and in charge of the campaign at Donora, says the town will double its quota, or reach a total of over one million dollars in the way of subscriptions. It is known that the men in the mills are subscribing liberally to the bonds, as is indicated by the reports received earlier in the week and the prospects are that these industries will go 100 per cent.

A HOLD-UP THAT FAILED OF ITS PURPOSE

James Stinger, who claimed Connellsville as his home, attempted to hold up two foreigners near the Speers Run bridge below Belle Vernon last Monday evening. James had seen the foreigners with a roll in one of the hotel bars a short time before and thought he was man enough to get. When the man left he followed. At the bridge below the town he tackled them, but one got away and went for the police, who came and arrested James. At a hearing he was fined \$10 and costs, but as he had no money, he contributed his labor to the borough until the amount was liquidated.

Mrs. Joseph Rutherford of Huntsville, Mo., is spending the week with her cousins Miss Lucy and F. E. Bennett of McKean avenue.

MINER HELD FOR DEATH OF ANOTHER

James Gibbs a miner of California, was lodged in jail Friday by Officer Lake of California, to be held pending an investigation into the death of Alex. Lang, who died on April 23 of a broken neck. Lang had been picked up the evening before at the foot of the stairs leading to the Eagles club in California. Just prior to that time Gibbs and Lane had quarrelled in the club and had gone out to prepare to fight.

It developed during the investigation made by Coroner Heffran that Gibbs and Lang had been about the club all day, drinking and quarrelling between themselves. It appears that this quarrel had its inception at a miners' meeting at which the troubles between the Vesta Coal company and its men were being discussed. Lang worked at Vesta No. 4, while Gibbs is employed at Crescent.

It is said that Gibbs attended the meeting of the Vesta miners and appeared to have a great deal to say, which was resented by Lang. After the meeting the men met again in the Eagles' club, where the quarrel was renewed, which resulted in the challenge to fight. No one appears to know what transpired after the two men left the club, Gibbs coming in a few minutes later and saying that Lang was lying at the foot of the stairs and that he could not get him up.

Word has been received of the arrival of Thomas L. Rossbottom, son of Mr. and Mrs. Thomas Rossbottom, Sr., of 208 Crest avenue, after 18 months active service in France. He expects to receive his discharge and return home within the next week.

Robert S. Coyle left Uniontown this morning for Camp Dix, New Jersey, where Guy Woodward is now located and expects to return with him early in the week. Mrs. Woodward accompanied Mr. Coyle on the trip.

HAVE OPENED A SERVICE STATION

A Willard Storage Battery Service station was recently opened at 110 McKean avenue by C. J. Wickerham, and it has proved to be very popular, because of the accommodation it affords to auto owners who heretofore have not had such a comprehensive service in this section as this station affords. The local branch is a direct branch of the Willard Storage Battery Company of Cleveland, Ohio, and all of those guarantees and policies which have featured that organization will be carried by the Charleroi representative. A full line of brushes and points for magnetos and starters will be carried at all times, thus avoiding delay to those who may be in need. This station is the only one in the valley to be so thoroughly equipped, a feature which no doubt auto owners will appreciate. No repair work is done at this station, the management giving its attention to the electric work in the way of batteries, generators, magnetos and starters.

THE WIDE-AWAKE FARMER.

is no more content with slipshod methods in handling his personal, household and farm finances than, with unscientific, haphazard methods in the management of the farm itself. The maintenance of a Checking Account provides for a simple, accurate system of book-keeping which has many times proved its worth. It is a modern necessity and convenience that no alert, progressive farmer can afford to overlook.
